

NDT Webinar Classes – Fall of 2020

The local Phoenix ASNT section is announcing Nondestructive Testing courses coming to the Phoenix area this fall. The courses shall be presented in a ***“On-demand Webinar”*** format thus dramatically increasing viewer flexibility and reducing traditional NDT course fees. NDT courses will address all the NDT outlines topics indicated in ASNT CP-105 and meet the classroom training requirements of SNT-TC-1A and NAS-410. This will be a great way to obtain your required training hours required for certification.

NDT courses to be scheduled

	<i>SNT-TC-1A</i>	<i>Date</i>	<i>NAS-410</i>	<i>Date</i>
Penetrant Testing (L1&II)	16 hours	TBD	32 hours	TBD
